Subject: Nomination for the 2010-2012 Board

Good afternoon,

I hereby nominate for a position on the HGFA Board for the 2010 – 2012 term. Please acknowledge receipt of this nomination. Thank you

" I have been a member of the HGFA and its predecessors since 1976 in parallel with membership of the SA Hang Gliding Association Inc holding various executive positions in both organisations during that period. I believe that the strength of our organisation lies with the member pilots and they should be empowered with the responsibility to ensure safe flight operations are conducted in their respective areas. Regional organisations and clubs are best positioned to know what is best in their local areas as each will have its own peculiarities. I believe that the HGFA Board and Executive should facilitate an environment that allows the regional organisations and clubs to manage themselves within the legislative framework that we operate. The Board and executive should manage national matters including Insurance, Rating System, liaison with CASA and Federal Rec & Sport department, the web site and forums matters amongst others."

Regards
Rob Woodward (Woody)
